

Save maintenance costs with Symphony Plus™ semi-automatic cleaning and sanitizing

Descal, clean
and sanitize
in only 1 hour
with Follett's
Symphony Plus
dispenser

- Semi-automatic cleaning eliminates the need to disassemble ice machine
- Cleaning solutions can easily be added to the system by simply pouring them into the cleaning cup
- Facilities with multiple units can save thousands of dollars a year on cleaning and sanitizing alone
- Easier to set standard work rates for internal or third party technicians to control facility maintenance budgets

Example of potential savings with Symphony Plus cleaning and sanitizing

Facility with 10 dispensers cleaning/sanitizing 2 times per year

		Range of time and cost to clean and sanitize current dispensers ¹		Time and cost to clean and sanitize with Symphony Plus	Savings with Symphony Plus
	Time to clean and sanitize one dispenser	2 hours	4 hours	1 hour	1-3 hours
In-house staff	Cost per hour	\$50	\$50	\$50	
	Cost per machine	\$100	\$200	\$50	
	Annual cost (10 dispensers, cleaned twice a year)	\$2000	\$4000	\$1000	\$1000-\$3000/year
Third party provider	Cost per hour	\$100	\$100	\$100	
	Cost per machine	\$200	\$400	\$100	
	Total cost (10 dispensers, cleaned twice a year)	\$4000	\$8000	\$2000	\$2000-\$6000/year

¹ Different brands and models have different cleaning requirements. Use your own current cleaning and sanitizing times and labor costs to calculate specific savings.
