

Upgrade your slope front **Upright** Series

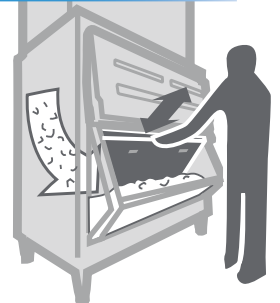

Cleaner, fresher ice

Upright bins provide first ice in, first ice out turnover that gives your customers the freshest ice

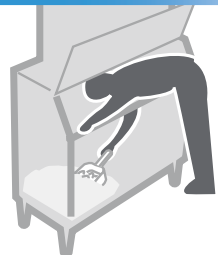

SmartGATE controls ice flow

Lifting the SmartGATE® ice shield brings ice forward for easier access and fewer spills. It also provides more sanitary ice by keeping hands, clothes and hair out of the ice storage area.

Upgrade from your slope front

Slope front bins trap the oldest ice on the bottom, risking development of off-flavors and odors

More storage, less footprint

Utilize vertical space to maximize storage capacity in a smaller footprint
