

Redefining the Premium ice machine Champion®

Champion ice machines

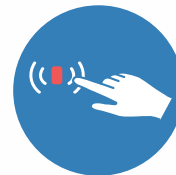

Cleaner. Easier. Better. We made cutting edge refinements, improving upon the platform that made the original 7 and 15 Series the market leader.

We've added a hot water option to this customer-preferred Chewblet ice dispenser for even more drink options. Touchless dispensing is now standard, and a suite of sanitation upgrades keep this dispenser incredibly clean.

See how we can partner to deliver more drink options, cleanly and reliably.

**Optional
hot water**

**Touch-free dispense
and more sanitation
upgrades**

**Upgraded
touchscreen
with diagnostics**

**Ion-exchange
filter for
scale busting**

**Still drainless/
easy to install**
